

Designed for fruit and vegetable distribution; PreLog and Ortus folding crates protect, maintain quality and promote hygiene.

PreLog®

Combining strength with a larger internal volume, PreLog is an efficient and hygienic distribution medium for both manual and automated handling operations.

PreLog is ideal for the storage, distribution and retail display of fresh produce. Smooth walls and base surfaces protect delicate produce and are easy to wash. Ventilated sides aid air flow, speeding cooling and helping to maintain a constant temperature.

PreLog carries a unit load of up to 20 kg with a stacking capacity of 250 kg.

Ortus

Ortus combines a lightweight with a low folded height for maximum savings on return transport.

Walls and base are ventilated for fresh product quality preservation. Open hand-holes provide secure manual handling while the base is compatible with standard conveyor systems.

Light, strong and secure when stacked, Ortus crates go from harvesting field or manufacturing site to retail shelves with efficiency and profitability.

1. Ventilated sides aid air flow, speeding cooling and helping to maintain a constant temperature
2. Smooth walls and base surfaces protect delicate produce
3. Comfortable open handles provide ergonomic handling
4. Integral label holder at both ends
5. Gas-assisted injected belt produces a strong, rigid container with the lowest possible weight.

PreLog® range

| Product ref | Dimensions mm | Volume / Weight | Colour / Material |
|-------------|--|-------------------------------------|--------------------|
| 3220.750 | Ext: 400 x 300 x 170 Int: 366 x 266 x 151 Stacked height: 160 Folded height: 44 | Volume: 15 litres Weight: 1.2 Kg | ● ♻️ polypropylene |
