Really useful features

- Positively stacks with or without the lids.
- Strong enough to take a persons weight.
- Minimal wall taper to maximise storage capacity.
- The above feature also makes the contents less likely to move whilst in the box.
- Totally flat and reinforced bottom.
- Easy to operate anti tamper system.
- Locking mechanism to prevent the lid separating from the base.
- Available in a wide range of colours including transparent.
- Transparent feature allows you to see the contents.
- You can mix and match different colours for base, lid and handles.
- Some sizes have an integral lip that allows suspension files to stand up erect.
- Ergonomically designed.
- Interstacking of the different capacity boxes.
- Our extra strong boxes are perfect as courier boxes for parcel deliveries or airfreight
